The Epiphany of the Lord

Jan 6<sup>th</sup> & Jan 7<sup>th</sup>, 2018

## St. Wenceslaus parishioners,

I am sincerely sorry that your 2017 giving report is not for the full year. The first part of July, the church office computer crashed. We were able to retrieve most of the information from the hard drive & transfer it over to the new computer. However, the program we were using to track donations was an older program & with the new computer, none of the reports would transfer or even open so we could at least print them. We went to Elite Computers in West Point to try to have them help us as well as the IT department at the Archdiocese, with no luck at either place. The new program we are using to track donations is now connected to the archdiocese of Omaha so our information is backed up there, so hopefully this never happens again in the future. If you use your donation totals for tax purposes, you will need to just use your checks written to St. Wenceslaus for the first part of the year. If your tax preparer prefers to have a report with the totals from the church, please contact me & I will work with you individually to create an accurate report for your donation totals for taxes. Again, I very much apologize for this inconvenience.

God Bless!  
 Carol Ortmeier, Bookkeeper
